**Dr. Anthony Fauci, Director of the National Institute of Allergy and Infectious Diseases mentioned a “surprise” pandemic would occur during the upcoming Trump administration.**

On January 10, 2017, before President Trump was inaugurated, Dr. Fauci, stated: “If there is one message that I want to leave with you today based on my experience, and you’ll see that in a moment, is that there is no question that there will be a challenge [to] the coming administration in the arena of infectious diseases, both chronic infectious diseases, in the sense of already ongoing disease, and we have certainly a large burden of that, but also **there will be a surprise outbreak...**”

## 6: You have no legal rights if you suffer injury or death from a vaccine.

**The government gave pharmaceutical companies immunity from lawsuits over injuries and death caused by COVID-19 medical treatments.**

Sister Ava Muhammad, Attorney & National Spokesperson of The Honorable Minister Louis Farrakhan states, “It goes so far as to prevent anyone harmed by a Coronavirus vaccine from using the 1986 Vaccine Injury Compensation Program to seek some little relief from the government. This blanket protection under the PREP Act went into effect February 4, 2020, before most of the public was even aware of Covid-19. The World Health Organization did not declare Covid-19 a pandemic until one month later, on March 11. Dr. Ameet Sarpatwari of the Center for Bioethics at Harvard Medical School called the action “an extreme departure from the norms.” <https://tinyurl.com/yco8pbsc>

**The Public Readiness and Emergency Preparedness (PREP) Act** provides “immunity from liability” for medical and pharmaceutical companies for any harm done by treatment through vaccines and other health measures that the government considers “a credible risk of a future public health emergency.” <https://tinyurl.com/y8ywnu7r>

“In the vaccine debate with Attorney Alan Dershowitz earlier this year, Attorney Robert F. Kennedy, Jr. offered

this fact: “Vaccines are zero liability...this is an industry that went to Congress in 1996. (They) had a vaccine at that time that was causing brain injury in 1 out of 300 people ... they said to Congress, ‘we cannot make vaccines safe, they are unavoidably unsafe ... the only reason we continue to make vaccines is if you give us a complete blanket immunity from liability.’ Congress gave it to them. Today, if you have a product and it injures you, no matter how negligent the company was, no matter how sloppy the protocols, no matter how toxic the ingredients, no matter how grievous your injury, you cannot sue that company; that company has no incentive to make that product safe. That should be troubling to any of us who are part of the legal system saying, ‘we are going to force people to take this intervention.’”

## 7: So, if I don’t take the vaccine, what am I to do?

### Practice External Measures to Guard Your Health.

Be sure to wear a mask in public places and when not at home. Practice social distancing when in public. Wash your hands regularly. Clean, sanitize, and disinfect your home regularly especially in high traffic areas and high touch surfaces.

### Adopt a Healthy Lifestyle.

Maintain a healthy diet of fruits and vegetables that are rich in vitamins, minerals, antioxidants, and phytonutrients such as vitamin C, vitamin D, zinc, quercetin, and other immune boosting nutrients. Spend time in the sun regularly to enable the body to produce vitamin D. When necessary, take supplements and consult with your healthcare provider. Exercise regularly, get adequate sleep, stay hydrated, and fast to help improve overall health. Lastly, stop smoking and find ways to minimize stress.

**We are a part of a global family with resources we can tap into.** Cuban doctors and scientists have developed therapies to treat COVID-19 that have been effective in Cuba, as well as China, Italy, and other countries severely impacted by COVID-19. There are several other nations with therapies that successfully address COVID-19, such as Madagascar.

“In the 1960s, the Honorable Elijah Muhammad advised his followers not to take the polio vaccine. He said some of the early vaccines we could take; but now that this Kissinger National Security Study Memorandum 200 on depopulation is the policy of our government, then we have to be careful of what injections we allow ourselves to take!

# FARRAKHAN WARNS: Do Not Take the Experimental COVID-19 Vaccine!

The Honorable Minister Louis Farrakhan warns the Black community against taking the COVID-19 Vaccine with the U.S. Government’s treacherous history of experimentation, medications, and vaccines. This publication provides information, facts, and history to why we should not take “their vaccine” along with guidance on how to protect yourself, family, and community.

*“Don’t let them vaccinate you, with their history of treachery through vaccines, through medication. Are you listening? I say to the African presidents, do not take their medications! I say to those of us in America, we need to call a meeting of our skilled virologists, epidemiologists, students of biology and chemistry, and we need to look at not only what they give us. We need to give ourselves something better.”*

## 1: U.S. Policy on Depopulation

“Remember the vaccine that they gave us for polio that was cancer itself? So, **how in the hell could you trust them with a vaccine after you know what they have done and that they are capable of doing it again on a bigger and broader level?** It’s government policy to reduce the population of the Earth by two to three billion people. You know that, right? If you don’t know it, I’ve been telling you about it. And they are using methods that Zbigniew Brzezinski mentioned. “It’s easier to kill a million people than it is to control a million people.” Zbigniew was not playing. It is easier to kill a million because they are killing millions as we speak. **We will not accept your vaccine!**

—The Honorable Minister Louis Farrakhan, The Criterion: An Announcement to the World, July 4, 2020

**The National Security Study Memorandum 200 documents U.S. policy of depopulation.**

Richard Nixon and Henry Kissinger

The “National Security Study Memorandum 200: Implications of Worldwide Population Growth for U.S. Security and Overseas Interest” outlines specific policies to depopulate the Earth to help the U.S. maintain dominance as a world leader. It was completed December 1974 by the U.S. National Security Council headed by Henry Kissinger, U.S. Secretary of State for President Richard M. Nixon. Adopted as official U.S. policy in November 1975 by President Gerald Ford. <https://tinyurl.com/sor5txd>

**Billionaire Bill Gates, a leading proponent and financier for vaccines, is an open advocate and strong supporter of depopulation.**

- In a 2010 Ted Talk, Gates stated, “First, we’ve got population. The world today [in 2010] has **6.8 billion people**. That’s headed up to about nine billion. Now, if we do a really great job on new vaccines, health care, reproductive health services, **we could lower that by, perhaps, 10 or 15 percent.**” <https://tinyurl.com/yce2hmd>
- In a 2011 CNN interview, Gates discusses his plan to give \$10 billion over the next 10 years to make it the year of the vaccines. He stated, “The benefits [of vaccines] are there in terms of reducing sickness, reducing the population growth.” <https://tinyurl.com/y9o7j2n4>
- In April 2020, Attorney Robert F Kennedy Jr. sent a petition

to the White House calling for “Investigations into the Bill and Melinda Gates Foundation for Medical Malpractice & Crimes Against Humanity” for worldwide vaccination programs that have intentionally sterilized women and children.

<https://tinyurl.com/ybnzpmdd>

**In 1993, the World Health Organization, backed by Bill Gates, produced a tetanus vaccine that was later found to sterilize women in Kenya.**

In 2014 three million Kenyan women received the tetanus vaccine, which caused the immune system to attack pregnancy hormones. This led to abortion in pregnant women and sterilization in other women. <https://tinyurl.com/yct5apy6>

**Zbigniew Brzezinski, top foreign policy advisor to President Barack Obama, and National Security Advisor to President Jimmy Carter, advocates population control by any means.**

In 2008 he stated, “I once put it rather pungently... in earlier times, it was easier to control a million people, literally, it was easier to control a million people than physically to kill a million people. Today, it is infinitely easier to kill a million people than to control a million people. It is easier to kill than to control.” <https://tinyurl.com/y7v7f2ce>

**Planned Parenthood, founded by Margaret Sanger, is a world leader in depopulation through sterilization of Black and poor people.**

- Planned Parenthood performs more abortions than any other organization in the United States.

- In 1939, Sanger wrote a letter to Dr. C. J. Gamble stating they needed to hire “a full time Negro physician” because “colored Negroes... can get closer to their own members and more or less lay their cards on the table which means their ignorance, superstitions and doubt.”

- Sanger wanted to enlist spiritual leaders to justify their deadly work. She wrote, “We do not want word to go out that we want to exterminate the Negro population, and the minister is the man who can straighten out that idea if it ever occurs to any of their more rebellious members.”

<https://tinyurl.com/yxllzx54>

“So, my Teacher told me, “Don’t speak for some. Speak for the whole.” And now I’m speaking for Black America, for Hispanic America, for the Native American, and for those who are desirous of life. **They are making money now, plotting to give seven billion five hundred million people a vaccination.** Dr. [Anthony] Fauci, Bill Gates and Melinda [Gates], you want to depopulate the Earth. What the hell gives you that right? Who are you to sit down with your billions and talk about who can live and who should die? That’s why your world is coming to an end quickly because you have sentenced *billions* to death. But God is now sentencing you to the death that you are sentencing to others. Yes, Allah is Great.”

—The Honorable Minister Louis Farrakhan, The Criterion: An Announcement to the World, July 4, 2020

## 2: U.S. healthcare practices have historically abused & killed people of color.

“We cannot continue to allow our enemies to vaccinate us and our children! They make it “the law”—and it is the law, in

some places, that we can’t go to school unless we allow them to vaccinate us! But why should we trust you to vaccinate us and our children? Our children are all we have: Should we put our children in the hands of those who have used chemistry and biology, and vaccinations, to lessen our power to reproduce, and to kill us off? No. We must develop the scientists that will examine whatever you offer us, because we know you as a blood shedder, we know you as a liar, we know you as a deceiver and a murderer! So why would we trust you with our precious gift, our children?”

**The U.S. Government conducted The Tuskegee Syphilis Experiment on Black men without their knowledge or consent; the U.S. also sponsored unethical syphilis experiments on the Guatemalan people.**

The Tuskegee Syphilis Experiment

- “In Guatemala, from 1946 to 1948, nearly 700 men and women... were intentionally infected with syphilis (hundreds more people were exposed to other sexually transmitted diseases as part of the study) without their knowledge or consent.”

- From 1932-1972, the U.S. Public Health Service and the CDC conducted “The Tuskegee Study of Untreated Syphilis in the Negro Male.” Under the guise of receiving free health care, Black men with syphilis were lied to and given placebo “treatments” so the study could observe the effects of syphilis if left untreated. <https://tinyurl.com/y8r2k4j3>

**Dr. J. Marion Sims, known as the “father of modern gynecology,” gained notoriety through experimentation on enslaved Black women without the use of anesthesia.**

<https://tinyurl.com/yab6x3t5>

**U.S. colonists, led by British commander Sir Jeffery Amherst, purposely gave Native Americans blankets infected with smallpox in the early 1760s.**

Amherst instructed his subordinate to, “try every other method that can serve to extirpate this execrable [utterly detestable, abominable] race.” <https://tinyurl.com/yy2c2o8o>

**Under the Nixon Administration, Congress passed the Family Planning Service Act, which increased funding for forced sterilization targeting women of color.**

- From 1930 to the 1970s, 25% to 42% of Native American women of childbearing age were sterilized starting at age 15. <https://tinyurl.com/y2qd5hca>

- The Relf sisters, two young Black girls, were forcibly sterilized at ages 12 and 14. In Relf vs. Weinberger, a federal court judge estimated that 100,000 to 150,000 women had been sterilized in the early 1970s.

- In 1975, a suit was filed against the State of California for federally funded sterilizations of Mexican women.

<https://tinyurl.com/twp2cga>

- “Between 1929 and 1974, North Carolina sterilized more than 7,600 individuals... the majority of those neutered were young, black, poor women.”

<https://tinyurl.com/y9ueu8fe>

**Legally sanctioned, government-funded, coerced sterilizations of women of color continued up through 1981, while today, they are still the targets of birth control and sterilization efforts.**

To this very day, sterilization is offered in exchange for lower prison sentences. <https://tinyurl.com/yasey7df>

## 3: The Wicked Misuse & Abuse of Vaccines

**The vaccine preservative thimerosal is toxic yet still being used.**

Thimerosal inhibits the thioredoxin system, which is necessary for DNA synthesis and repair in the body. Despite its toxicity, The World Health Organization approved thimerosal and it was used in most vaccines from 1930 until 1999; it is reportedly still being used in the flu vaccine.

<https://tinyurl.com/y8egr3h3>

## 4: What is the COVID-19 Vaccine?

**The Covid-19 vaccine is an mRNA vaccine and unlike any other.**

- “The first Covid-19 vaccine to reach the market will be one completely unlike any before.... [It] is new mRNA technology, never before approved for use in humans in the United States.”

- “This vaccine does not have the coronavirus in it. Instead, it instructs your body to make the Covid-19 spike protein. Once injected, you create a threat to yourself and then go to war against the threat you created. This is deliberate manipulation of the very core of our biological makeup. This vaccine has a very real potential to alter who and what we are.”

<https://tinyurl.com/yco8pbsc>

**The COVID-19 vaccine may cause death and sterilization.**

- Dr. Judy Mikovits, renowned biochemist, states: “The expression of this mRNA is literally the spike protein from two deadly retroviruses that are in our own viral genomes. We have been using aborted fetal tissue and other vaccines. When you add this mRNA vaccine, you are literally putting the blueprint into every cell of the body and you are making this highly pathogenic (disease-causing) protein. **You will kill people who are already compromised, and you will sterilize young women who get this vaccine.**”

- “She emphasized that the real coronavirus enters a limited number of cells, those which have receptors for the spike protein. But the mRNA “is expressing abnormally into *every* cell of the body. “This is very, very dangerous, because what that spike protein has in it is the binding protein of the retrovirus HIV. <https://tinyurl.com/yco8pbsc>

## 5: The COVID-19 vaccine is experimental and not safe. Do Not Take It!

**The Covid-19 vaccine is experimental and has not undergone sufficient testing to be proven safe and effective.**

- Dr. Kizzmekia Corbett, leader for coronavirus vaccine research at the National Institutes of Health, stated, “It’s still an experimental phase. These Emergency Use Authorizations are simply asking the FDA, with what we have right now, can this product be used in the most vulnerable of populations, while we continue to gather data that would allow us to license it for everyone.” <https://tinyurl.com/ycbpp483>

- This vaccine has had less testing than any other vaccine released to the public. “It normally takes 5-15 years to develop a vaccine because years are needed to realize the long-term effects. The Covid-19 vaccine is completely experimental. Worse, it comes after 20 years of 100 percent failure in the effort to create a coronavirus vaccine.” The World Health Organization officially declared COVID-19 a pandemic in
